

Because every Texas student
deserves a quality fine arts education

Every Texas student should receive:

A well-balanced education

Quality fine arts instruction

Protected instructional time for arts education

Opportunities to pursue their passion

What is GoArts?

The GoArts campaign is sponsored by the Texas Music Educators Association in conjunction with the Texas Coalition for Quality Arts Education, a coalition of more than 50 organizations whose mission is to promote fine arts in our Texas schools. We are advocates for education policies, primarily at the state level, that ensure all Texas students have opportunities to study music, art, theater, and dance. We provide the public as well as policy makers with information about the many ways that arts education benefits our students and our state.

What GoArts Does

GoArts sends its supporters email updates about official actions and proposals that may affect arts education opportunities for students in Texas schools. GoArts also provides information about the benefits of arts education and suggestions for how supporters can let elected officials and policy makers know they support quality arts education in our schools. We will not distribute our supporter database to any other organization. We contact supporters solely about information that could affect fine arts education.

How You Can Help

Help educate our state's decision makers about the importance of protecting fine arts education by registering your support at www.GoArts.org.

Support fine arts education today.
