House Bill 5 makes major changes to EOC exams and graduation requirements starting with 2014-2015 freshman

The 83rd Regular Session of the Texas Legislature passed HB 5 and it became effective with the Governor's signature in June 2013. This bill made changes to the Texas Education Code (TEC) in a number of areas including curriculum, accountability, assessment and accreditation. Major changes were made to the high school graduation requirements for students who will be freshmen during the 2014-2015 school year. HB 5 is designed to instill more flexibility in public education enabling students to either pursue a traditional path into colleges and universities or move directly into the workforce to help fill what business leaders say is a critical skills shortage.

Texas students must now pass five end-of-course exams instead of 15 to meet state graduation requirements. The five EOC's are: English I, English II, Algebra I, U.S. History and Biology. HB 5 eliminated the requirement that districts include the EOC results as 15 percent of course grades. The Foundation High School Program replaces the state's 4x4 graduation plan and allows students to receive endorsements in specific areas.

Several resources can be found on the Dickinson ISD website (www.dickinsonisd.org) by clicking on the Texas House Bill 5 Information box on the left-hand side of the homepage. The information is designed to provide assistance in understanding the changes and graduation plans that will impact our students over the next few years.

Dickinson High School counselors will schedule individualized meetings with all 2014-2015 freshmen and their families between October 2014-March 2015 to finalize endorsements and four-year plans.

Dickinson ISD launches text messaging feature to communicate time-sensitive information with parents

Dickinson ISD will have a new method to communicate with parents the next time the district has time sensitive information to share about an emergency or school closure situation.

The school district is launching a new service that will enhance communication by allowing the district to deliver important information to parents via the School Messenger text messaging service. This service is not intended to replace the district's existing means of communication, but rather it will enhance them in the event of an emergency.

In order to participate in the new service, parents must indicate their willingness to receive text messages to their phone. The process is simple and takes only a few seconds to complete.

Simply text any one of the following words to the number 68453: subscribe, optin, yes. The message, "You are registered to receive approx 3 msgs/mo. Txt STOP to quit, HELP for help" will be received letting you know the registration process was successful.

The opt-in process can be repeated for any other wireless numbers you want to include. While there is no charge from the district for this service, parents are asked to remember when signing up for the

text messaging service that they are responsible for any text messaging charges from their wireless provider for receiving text messages.

In addition to performing the opt-in process above, parents are asked to ensure the district has correct wireless numbers updated in the Skyward student database.

Enrollment Procedures for Homeless Students: Gator Families in Transition

The McKinney-Vento Act requires all local educational agencies to immediately enroll students in homeless situations, even if they do not have the required documents, such as school records, medical records, proof of residency and other documents.

Dickinson ISD is offering Online Registration for Returning Students for the 2014-2015 School Year

Please read over the information below carefully to understand how the online registration process will work for returning Dickinson ISD students.

From August 4-15, 2014, Dickinson ISD parents will be able to take advantage of the district's online registration process for returning students. These are students who attend a Dickinson ISD campus at the end of the 2013-2014 and will be returning for the 2014-2015 school year.

A copy of proof of residency is still required to be dropped off at the campus; however, this can be done during a two-week period in August, without having to stand in long lines normally associated with registration each year.

The online registration process will be available through the school district website at www.dickinsonisd.org. The district will have complete instructions on the website this summer to walk parents through the steps they need to take.

In order to complete the online registration process, parents must have their login information (user name and password) for Skyward Family Access. **If a parent does not have login information, this can be obtained by showing proper identification in the front office at their child's school.** Please make sure you have obtained login information ahead of time so you are not delayed in registering your student online. For parents without access to the Internet, computers and assistance will be available at the campuses during designated times to complete the online registration process.

Parents of students new to Dickinson ISD for 2014-2015 must visit the campus their child will attend and complete the registration process in person as there is more paperwork involved for new students. More information on documents required as well as dates for new student registration can be found in this packet.

The Department of State Health Services (DSHS) is granted authority to set immunization requirements by the Texas Education Code, Chapter 38, Health & Safety, Subchapter A, General Provisions.

IMMUNIZATION REQUIREMENTS

A student shall show acceptable evidence of vaccination prior to entry, attendance, or transfer to a child-care facility or public or private elementary or secondary school in Texas.

³ Previous illness may be documented with a written statement from a physician, school nurse, or the child's parent or guardian containing wording such as: "This is to verify that (name of student) had varicella disease (chickenpox) on or about (date) and does not need varicella vaccine." This written statement will be acceptable in place of any and all varicella vaccine doses required.

Exemptions

The law allows (a) physicians to write a statement stating that the vaccine(s) required would be medically harmful or injurious to the health and well-being of the child or household member, and (b) parents/guardians to choose an exemption from immunization requirements for reasons of conscience, including a religious belief. The law does not allow parents/guardians to elect an exemption simply because of inconvenience (for example, a record is lost or incomplete and it is too much trouble to go to a physician or clinic to correct the problem). Schools and child-care facilities should maintain an up-to-date list of students with exemptions, so they may be excluded in times of emergency or epidemic declared by the commissioner of public health.

Instructions for requesting the official exemption affidavit that must be signed by parents/guardians choosing the exemption for reasons of conscience, including a religious belief, can be found at www.ImmunizeTexas.com. Original Exemption Affidavit must be completed and submitted to the school or child-care facility.

For children claiming medical exemptions, a written statement by the physician must be submitted to the school or child-care facility.

Provisional Enrollment

All immunizations should be completed by the first date of attendance. The law requires that students be fully vaccinated against the specified diseases. A student may be enrolled provisionally if the student has an immunization record that indicates the student has received at least one dose of each specified age-appropriate vaccine required by this rule. To remain enrolled, the student must complete the required subsequent doses in each vaccine series on schedule and as rapidly as is medically feasible and provide acceptable evidence of vaccination to the school. A school nurse or school administrator shall review the immunization status of a provisionally enrolled student every 30 days to ensure continued compliance in completing the required doses of vaccination. If, at the end of the 30-day period, a student has not received a subsequent dose of vaccine, the student is not in compliance and the school shall exclude the student from school attendance until the required dose is administered.

Documentation

Since many types of personal immunization records are in use, any document will be acceptable provided a physician or public health personnel has validated it. The month, day, and year that the vaccination was received must be recorded on all school immunization records created or updated after September 1, 1991.

Food and Nutrition Services Back to School Information for 2014-2015

Visit our website at www.disdfoodandnutrition.com

- **Free & Reduced Meal Applications Online** – will be available August 1 and can be completed very easily using any computer, smartphone or any device with internet access. Public computers are available at all schools, Food and Nutrition Services, and the Education Service Center. Paper applications will be available upon request.
- **Lunch Money Now (LMN)** – We encourage all parents to set up a LMN reminder at the beginning of the school year. It is a convenient way for parents to receive not only an email but also a text that your student's balance is low or has reached a preset dollar amount. LMN also allows parents to set up recurring payments to your student's account and view account balances. Visa, MasterCard, and PayPal can be used to make deposits on the secure (SSL) site and are available on the student's account within an hour of the transaction. There is a small \$2.50 charge per transaction and multiple students can have money deposited in a single transaction.
- **Meal Prices** for school lunches in grades 7-12 will be increasing slightly for the 2014-2015 school year per required mandate of the Healthy, Hunger-Free Kids Act of 2010. Breakfast meal prices will stay the same.

Breakfast: Paid student prices are:

\$1.00 (grades PK-4) \$1.25 (grades 5-12)

Lunch: Paid student prices are:

\$1.35 (grades PK-4) \$1.90 (grades 5-6) \$2.00 (grades 7-12)

Reduced price students will remain:

\$0.30 (grades PK-12) Breakfast

\$0.40 (grades PK-12) Lunch

- **Other Information:** Menus, health and fitness materials, policy and procedures, and much more are available on our food and nutrition website www.disdfoodandnutrition.com.

District Meal Charge Policy:

Student Verbal Reminder Daily: When balance drops below \$6.00 Paid or \$2.00 Reduced. Daily reminder from cashier to student that they need money. When account balance is negative an automated call and an email will occur and continue daily until the account is brought to a positive balance. Parent may use **Lunch Money Now** online or bring cash or check to cashier before 2 p.m.

If FNS has not received payment and the charge amounts to \$15.00 then FNS will send a U.S. Postal **letter to the parent** to remind them we have been feeding the child in good faith, and that money is owed to the student's account. Automated calls will continue. If after being notified by mail and FNS has not received payment and the charge is \$20.00 or more FNS managers will contact their school office to make contact with the parent.

Dickinson ISD will collect on all unpaid meal charges. The parent/guardian is responsible to repay any charges that have accrued before the end of the school year and for charges made prior to application approval.

- **In-Sufficient Checks:** Checks returned for insufficient funds will not be accepted for future payments and will be charged a fee and assessed to the student account. Cash, money orders or using Lunch Money Now will be the only forms of payment.
